ESTRUTURA DE DIRETORIOS

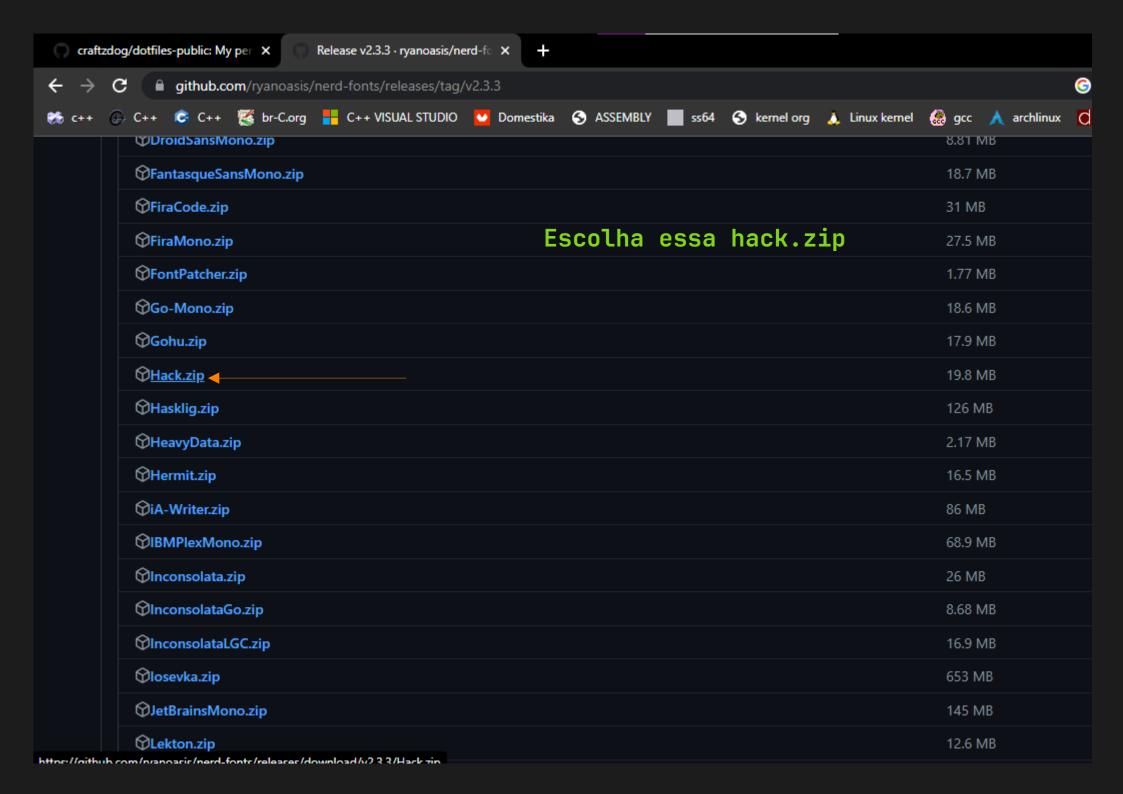

```
$env:userprofile\.config
    powershell
        # config file
        user_profile.ps1
        # prompt customizations
        my.omp.json//
```

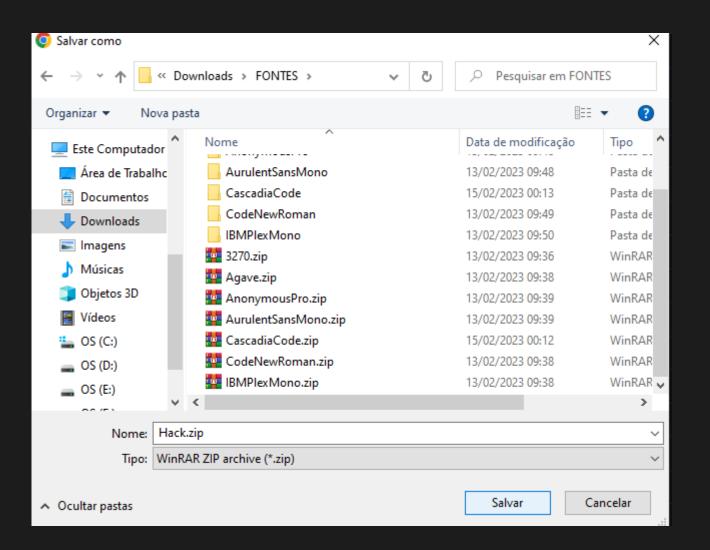

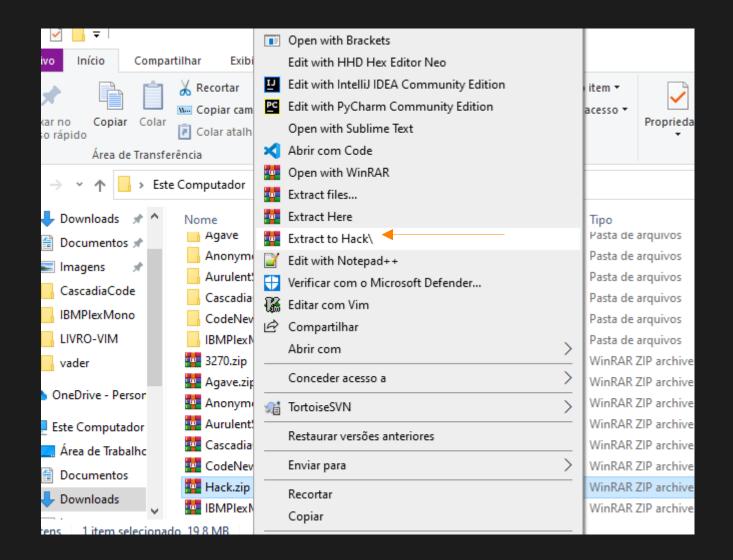

Nerd fonts

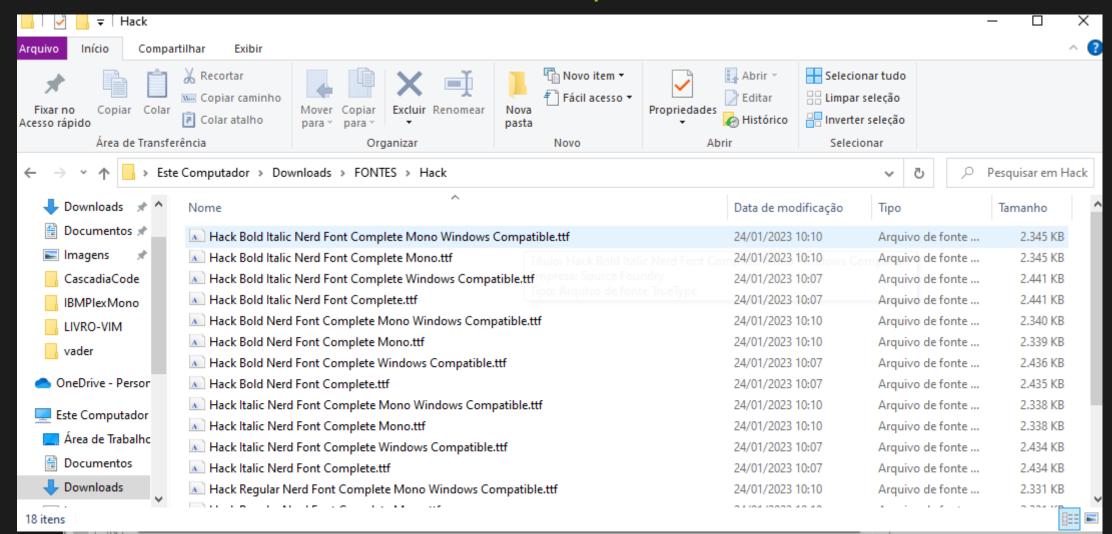

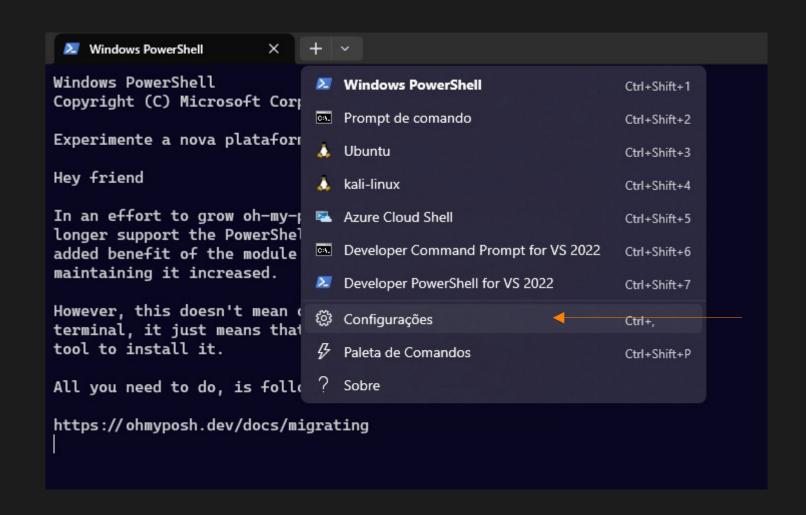

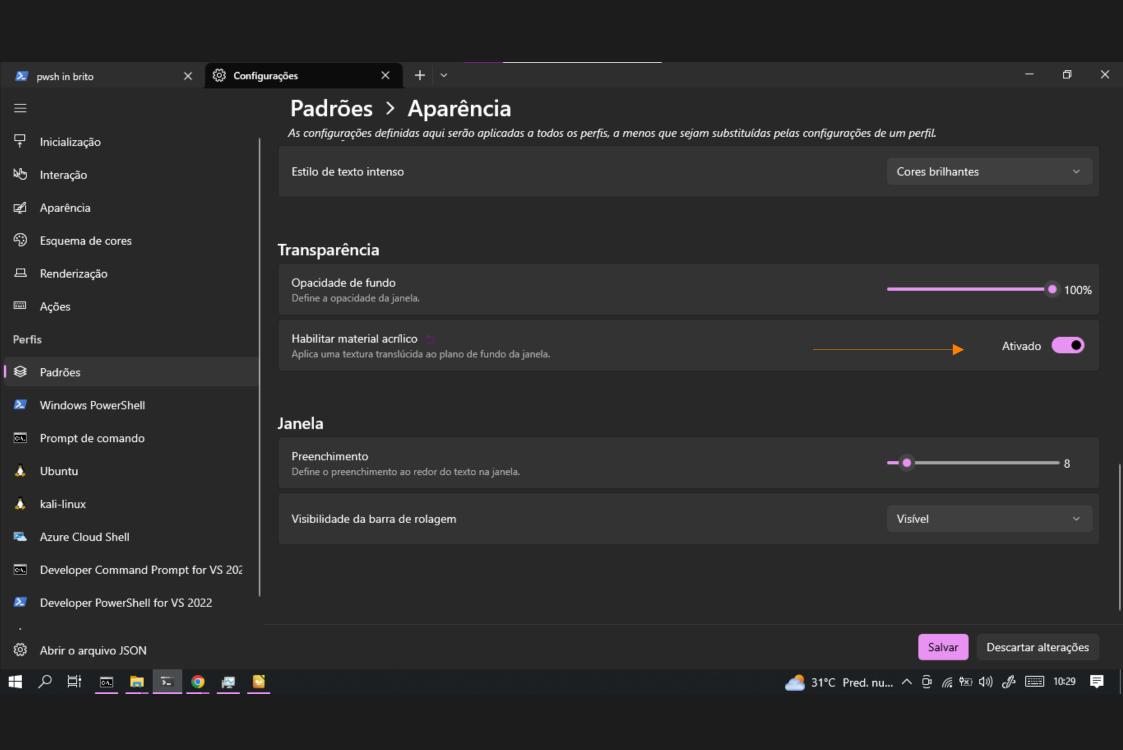

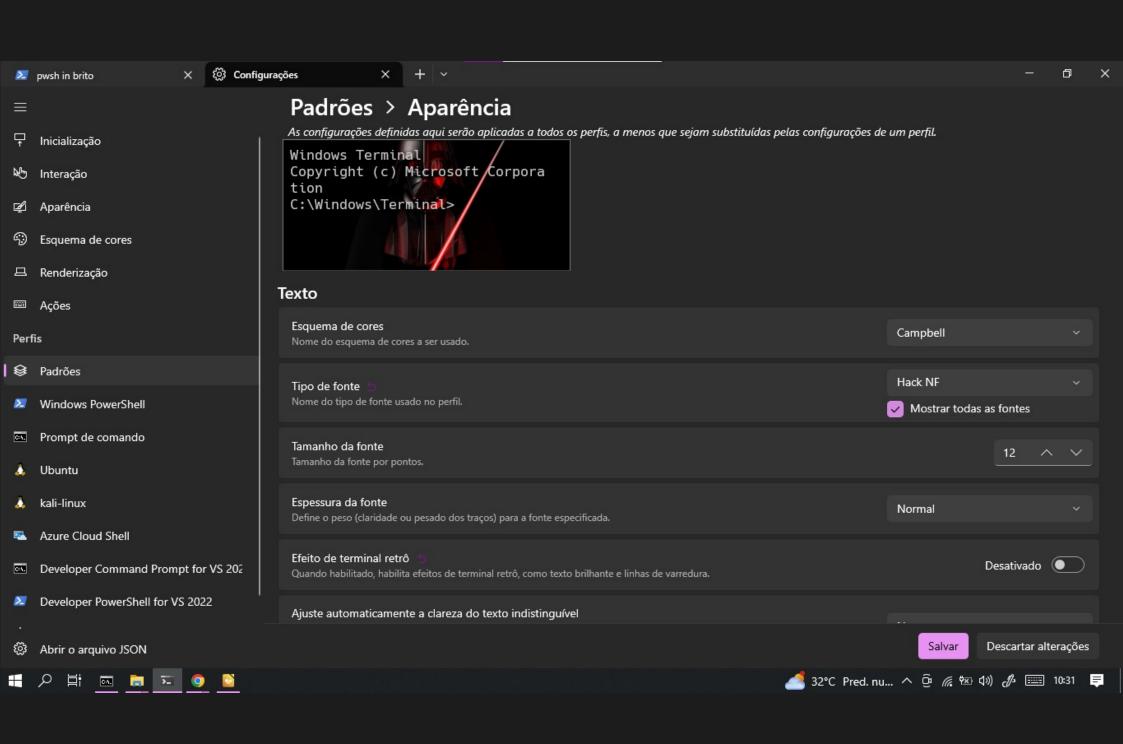

Click duplo para instalar

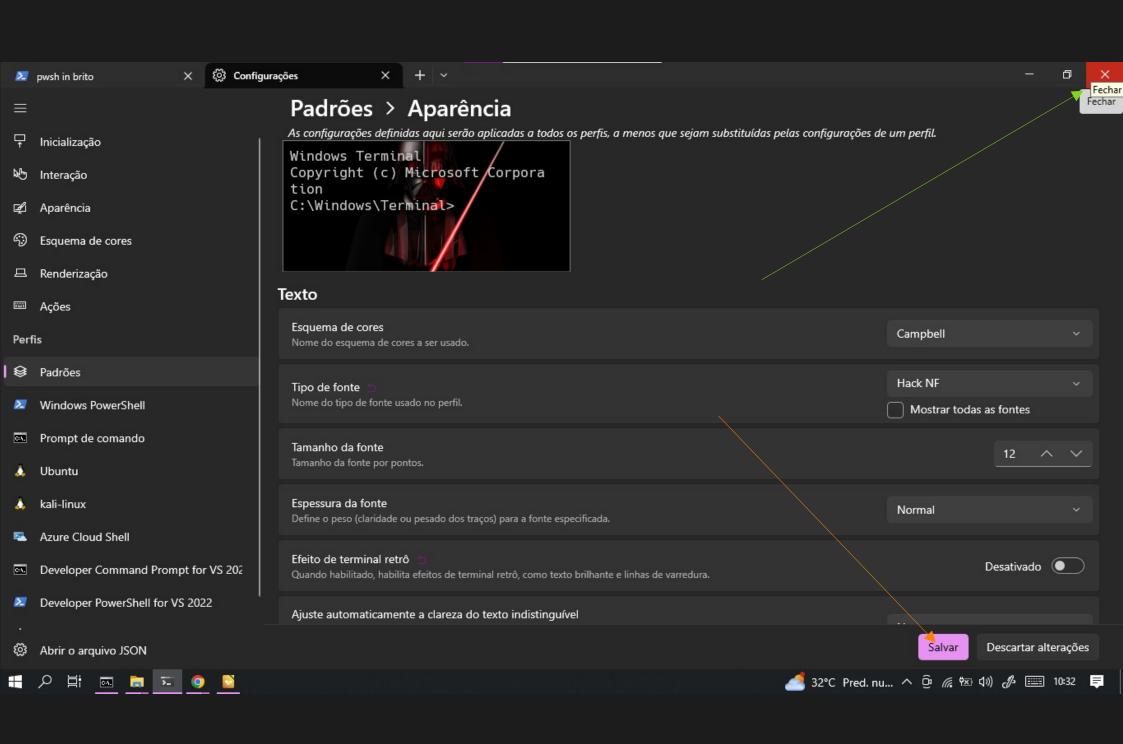

Nesse instalei todas as do pacote mesmo aquelas que não tinham windows compatible

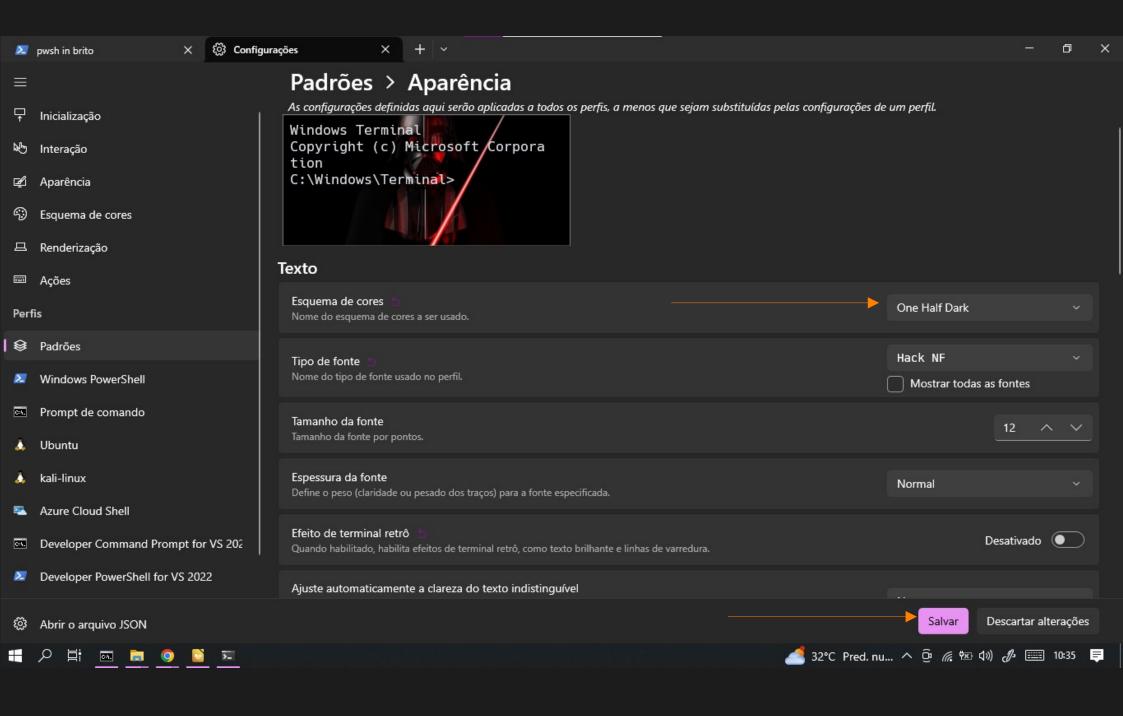

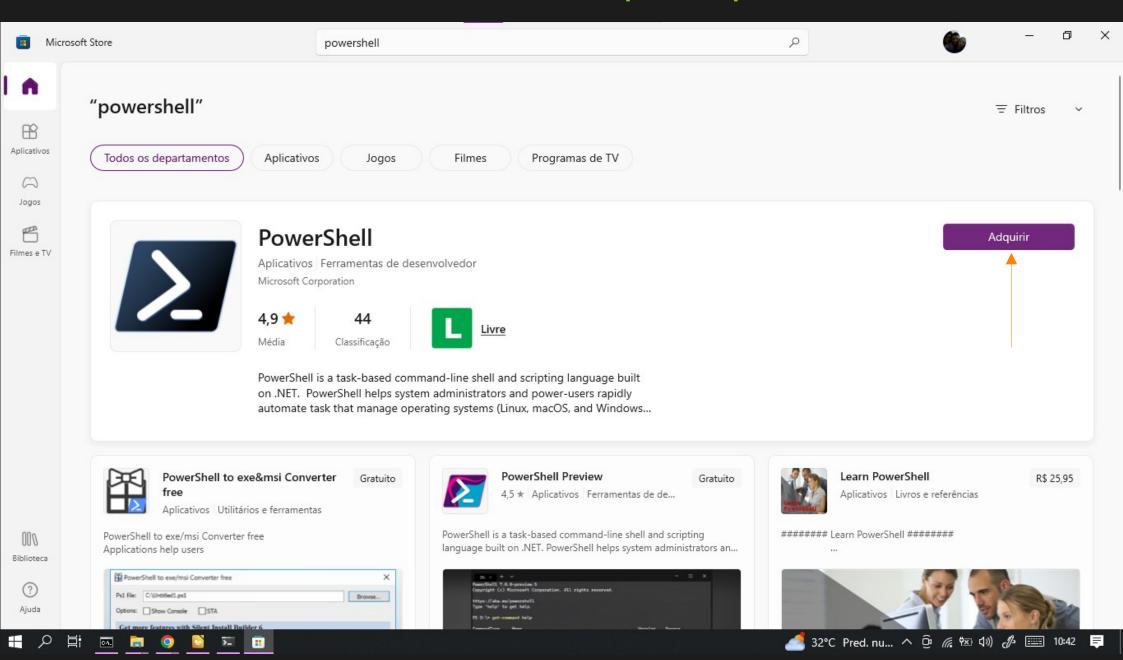

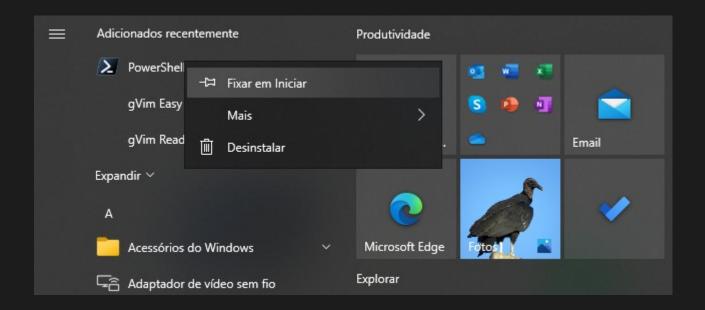

Mudei para essa fonte depois salvei

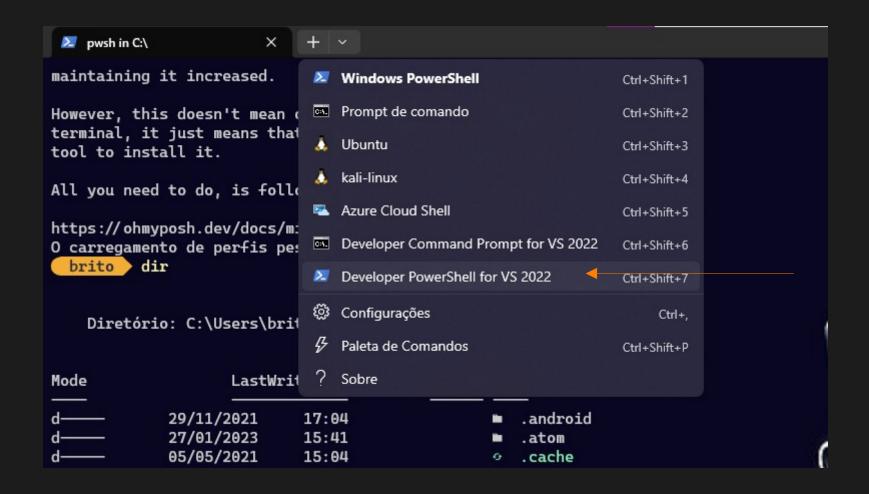

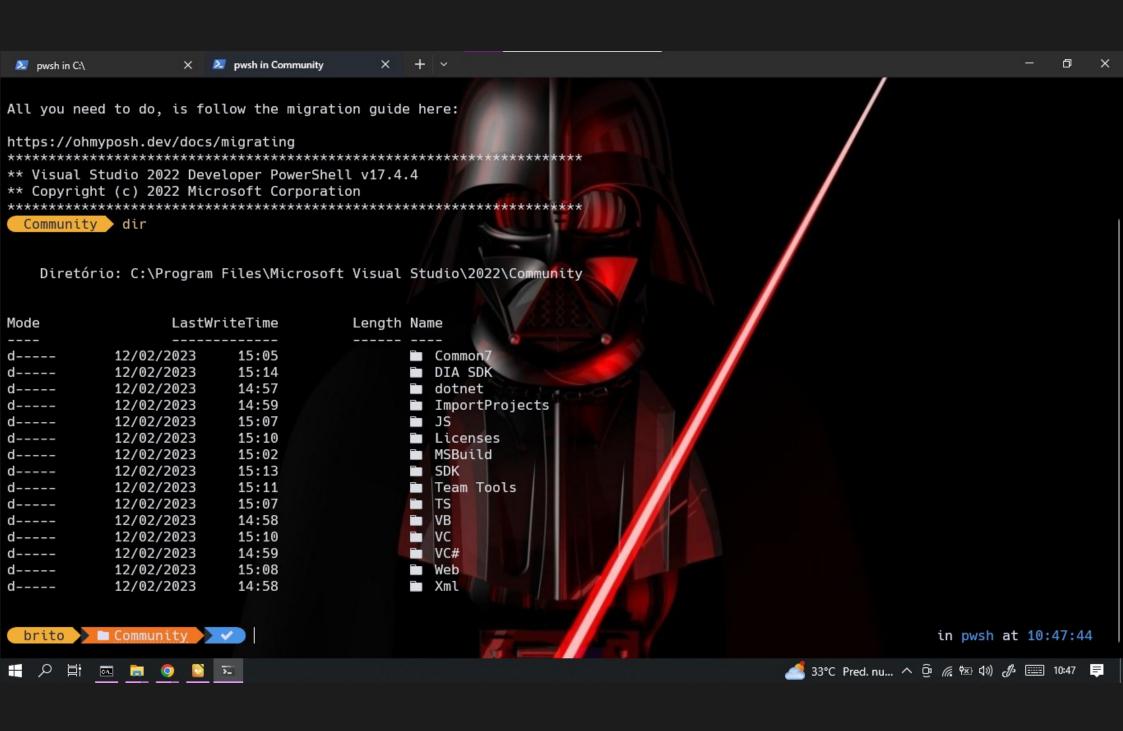

Na microsoft store adquira o powershell

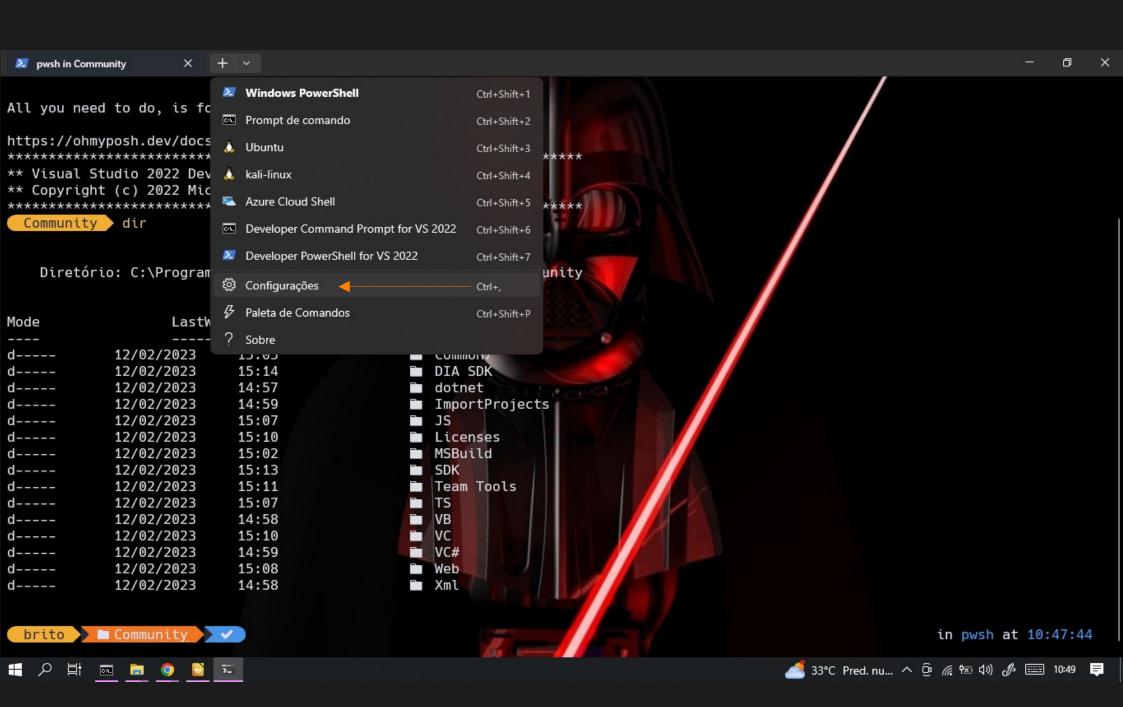

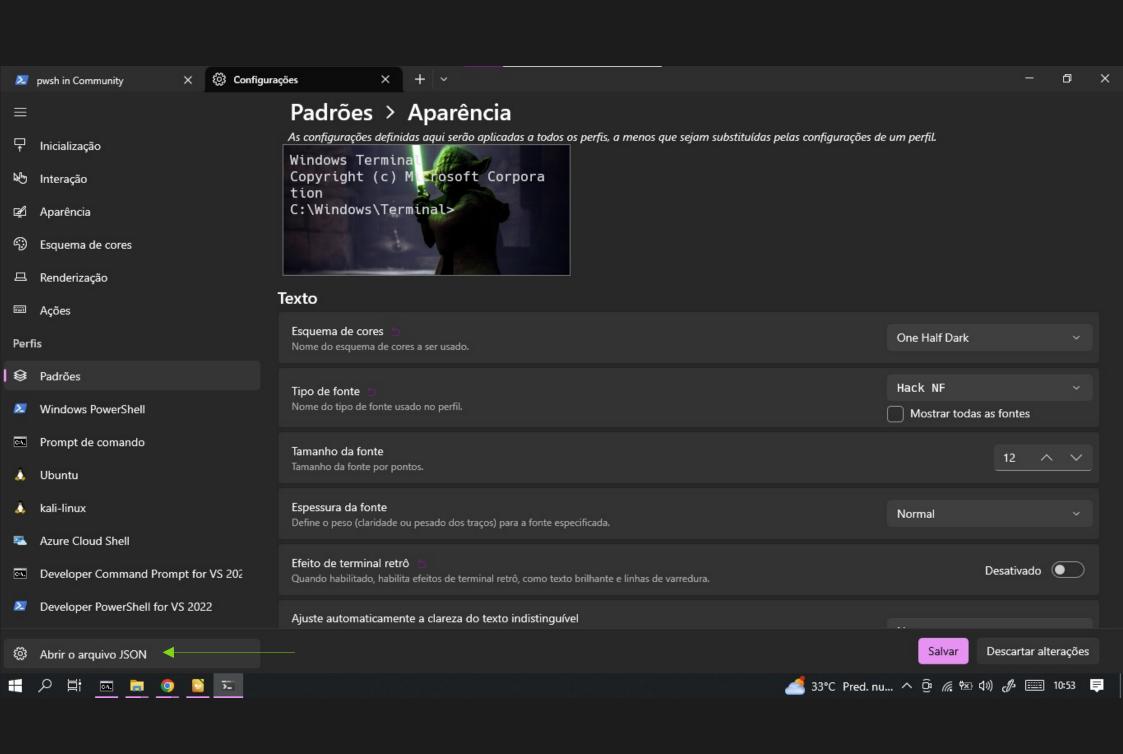

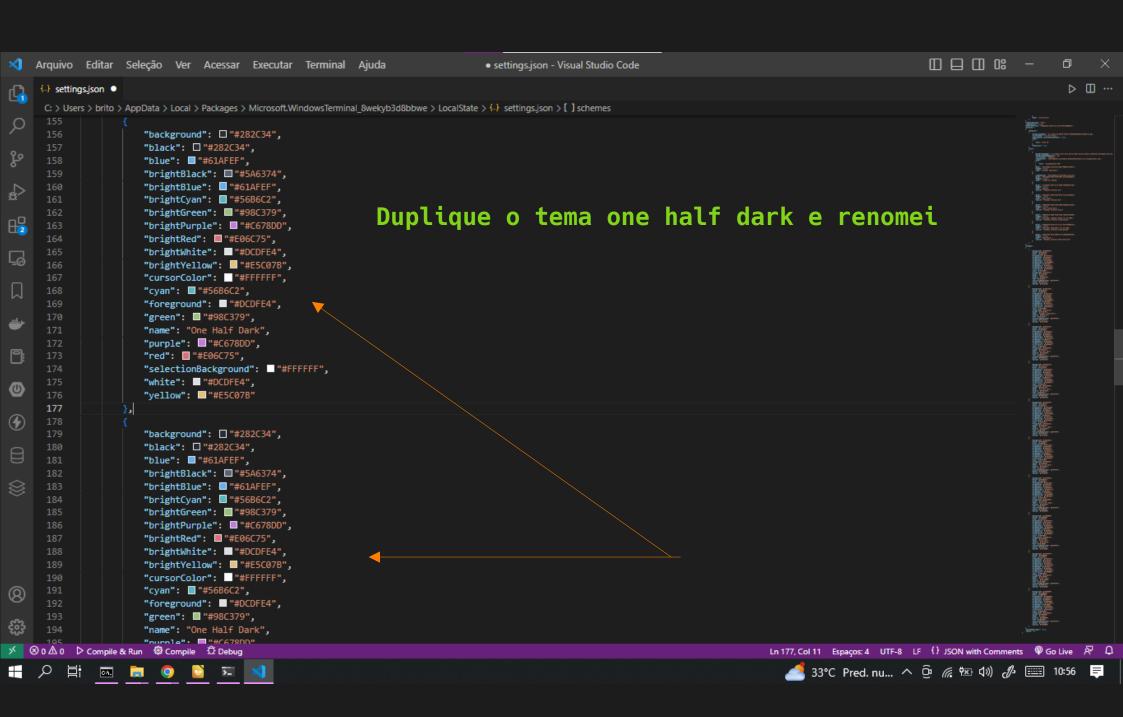

Abra o powershell que baixamos

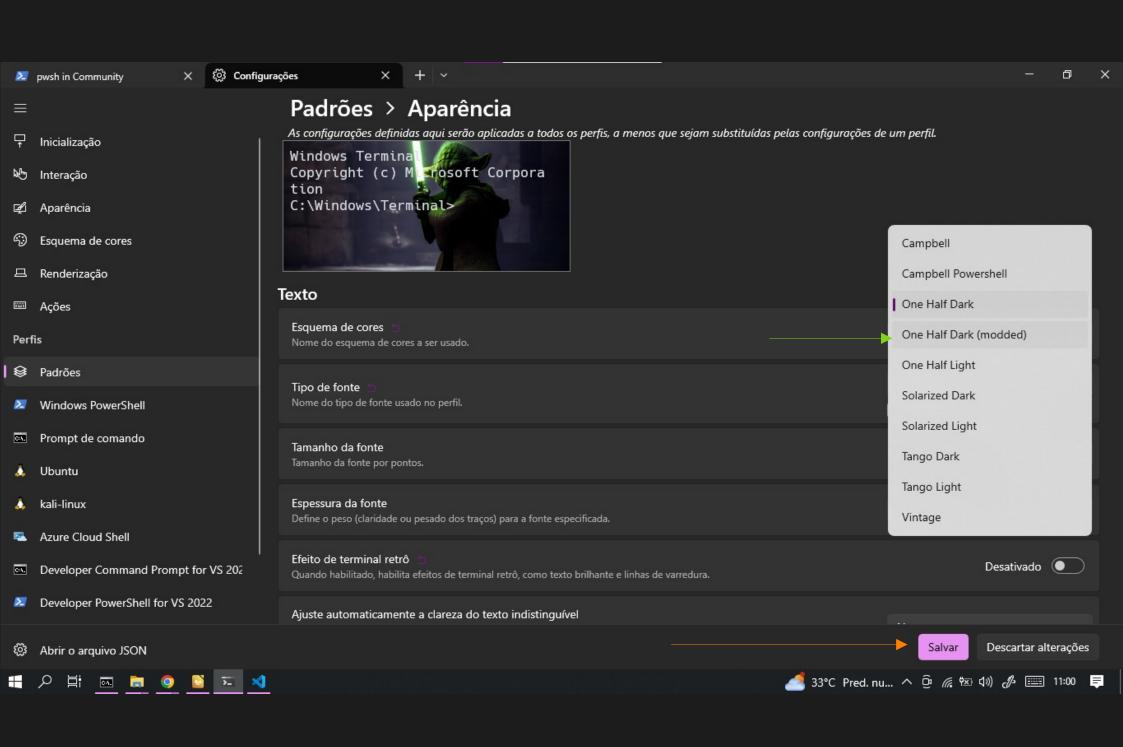

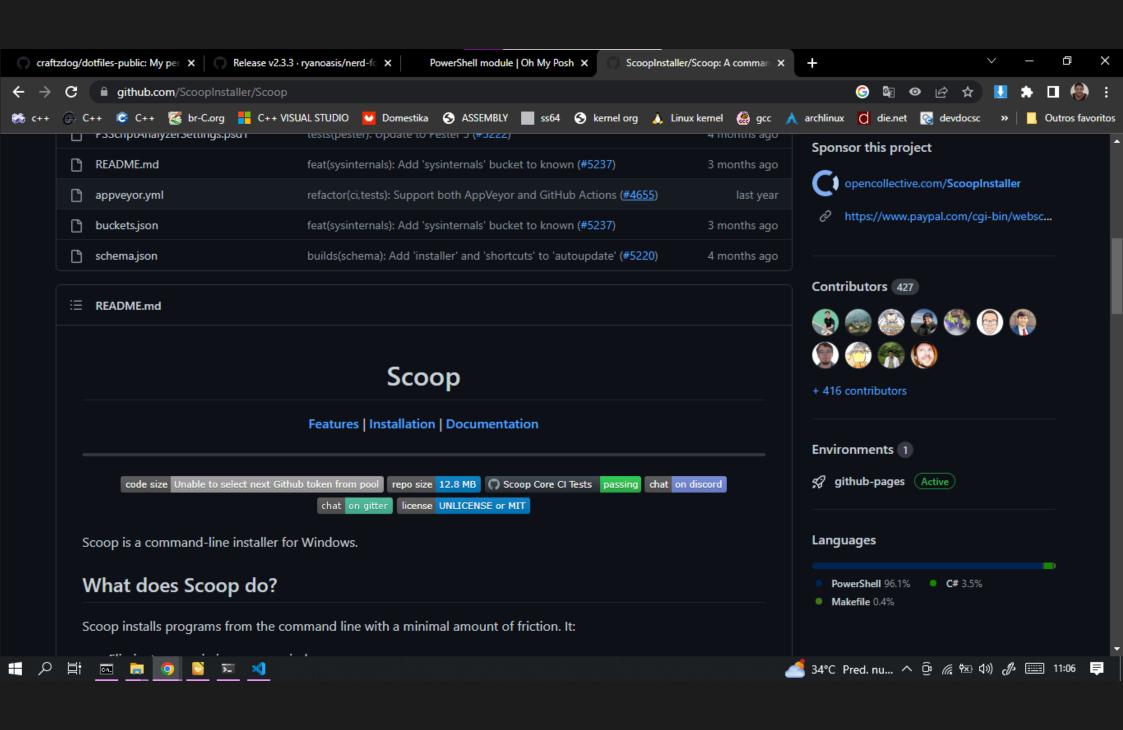

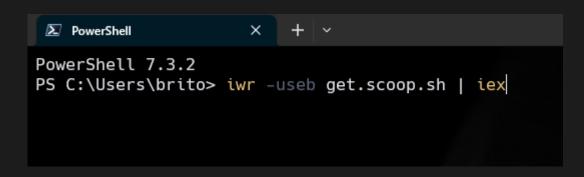

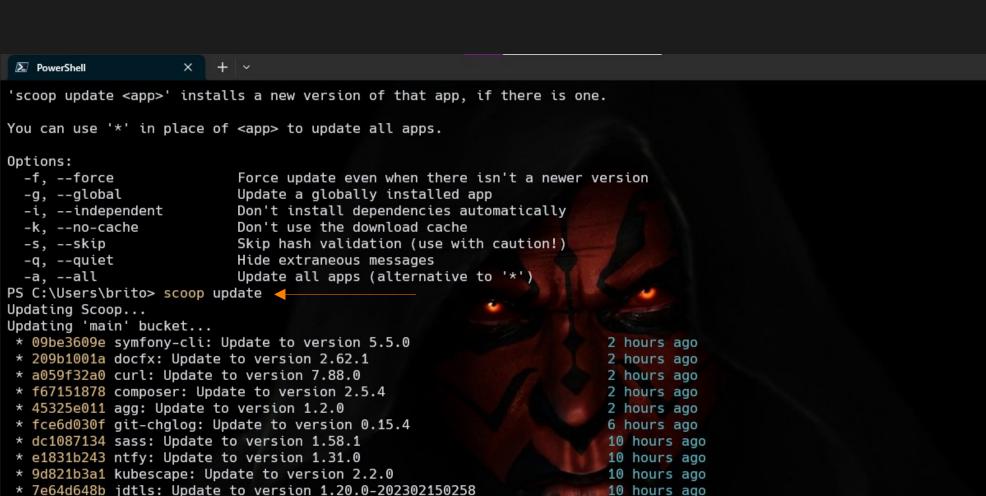

* Oc3996cf0 firebase: Update to version 11.23.1

* 379e61a69 dynamorio: Update to version 9.90.19402

* f0dcb4436 dvc: Update to version 2.45.0

* 365a7609c dolt: Update to version 0.53.0

Scoop was updated successfully!

PS C:\Users\brito>

* 7c7e809f4 grails: Update to version 5.3.2

* 256a1e4be flyctl: Update to version 0.0.457
